Eco-Takeouts® Luxury Black Edition

Introducing the first - and only - line of black Eco-Takeouts® reusable containers!

The luxury black edition features the same durability, cost and waste savings you love, now with an upmarket black container.

Four- and 5-star hotel and restaurant brands use black disposable to-go containers to denote

quality, professionalism and value. They look sophisticated, but disposable containers leave a lot to be desired: high cost and waste for the operator; flimsy vessels for guests.

The luxury black edition Eco-Takeouts® provide an excellent guest experience with the built-in operator benefits of huge cost and waste savings, all with a truly sophisticated look.

New Color, Same Benefits

G.E.T. now offers the first and only reusable to-go containers in luxury black which provide a dramatic backdrop for custom logos and artwork.
